

2738-2644 BC

Wilder

Early Pharaoh PEP I ruled
Egypt for 94 years - the longest
reign in history.

$$\begin{array}{r} 2738 \\ - 2644 \\ \hline 94 \end{array}$$

When he died, aarchy
and dissolation ensued.

The Pharaohs lost control and feudal
barons ruled the nomes independently.

2738 \rightarrow 2644 BC Wilder
Egypt

PEPI II (longest reign known)

$$2738 - 2644 = 94 \text{ yrs.}$$

2737Bc

According to Chinese mythology
tea was 1st discovered in China
when the Chinese Emperor Shen
Nung (also a scholar & herbalist)
was sitting beneath a tree while
his servant boiled drinking water.
A leaf from the tree dropped into
the water and Shen Nung
decided to taste the brew. The tree

was a wild tea tree.
